The Boutique Travel
& Event Collective

Press Release

Introducing HGH Travel, Vietnam

Beyond Limits is proud to introduce a new member in its growing global Collective — Vietnam, [HGH Travel](#), a full destination management company operating in Indochina, with an emphasis in Vietnam.

Our partnership with HGH Travel is sure to bring us greater access to Vietnam — a destination replete with lovely indigenous people belonging to 53 different ethnic groups, and a destination revered as much for its mountainous north as it is for the vibrant culture found in the city of Ho Chi Minh.

In addition to access, Beyond Limits also intends to tap into the world's [growing potential for ecotourism](#). Considering the fact that tourism accounts for nearly 5% of the global carbon emission rates, it's important for travel collectives, such as ourselves, to encourage sustainable tourism that can prove beneficial for the travelers, the indigenous communities, and the world at large.

To that end, HGH Travel takes particular care to foster eco-tours that can prove enlightening for the customers, while also having a positive impact upon the local environment and culture. They also place prime focus on community-driven tours, so as to generate further support for the local communities through activities such as work tours, and charity drives.

The Executive Director of HGH Travel is Quy Nguyen, a well traveled and learned man who has also had the honor of receiving the **Certificate of Merits from Vietnam's Prime Minister**. His prime focus is to create tours that are in equal parts sustainable, eco-friendly, affordable, and innovative.

Beyond Limits is glad to have Vietnam HGH Travel's partnership moving forward, and we're sure that together we can harness the power of tourism not only to sculpt thrilling experiences, but also sculpt greater ecological conscientiousness in the world at large.

About Beyond Limits

[Beyond Limits](#) is a Boutique Travel and Event Collective of global organizers. Our sole purpose is to go beyond limits and provide high-end services to redefine the MICE industry. To that end, we are always on the lookout to foster relationships with other DMCs that share our values and passions, thus paving the way for a truly global community.
